50X1-HUM

1. Communist armies in North Korea will extend their military activities south of the 38th Parallel until all United Nations forces are forced to withdraw from the entire Korean peninsula.
2. It has been reported that equipment believed to be for the firing of V-1 type rockets has arrived in Harbin from the USSR.*
3. This equipment arrived by rail on flatcars.

Comment. [redacted] equipment is the 13 cm field rocket launcher and not the V-1 type.

50X1-HUM

Comment. Presumably the "13 cm field rocket launcher" refers to the M-13 Launcher.
